● *Did you know that your skin is an organ of elimination just as important to good health as your intestines? You can tell when your intestines are out of order, but you don't know when your skin is not ridding your body of dangerous wastes. VAPO-PATH Baths help the skin do its job, just as a safe laxative helps the bowels. If your skin is not doing its proper job, illness is the sure result. Come in and see what John F. Class VAPO-PATH Baths can do for you.*

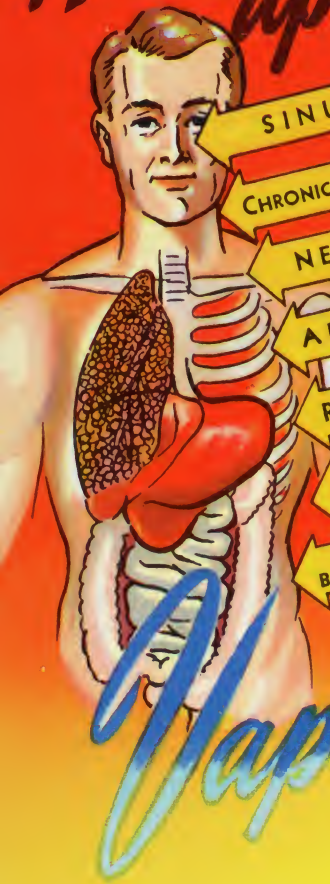
POST CARD

Are YOU up to par?



Accumulations of poisonous wastes in the system quickly drag the body below par and are present in any of these ailments.
